WINCARNIS Quickly Restored Failing Strength

"I take pleasure in testifying as to my experience with Wincarqis, from a positive feeling of grati-tide to the compounders of it. Am a man over 70 and for some time past had found myself fail-ing faster, and in ways other ing faster, and in ways other than my age alone would seem to account for. Had tried various medicines which seemed to bene-fit me for a time, but inevitably caused a relapse. Happened to see an advertisement of Win-carnis, and thought I'd try once more. With the first dose I remissed that I had found some-thing which "reached the spot"

Have now been using it over a month with very marked benefit in increased strength, better ap-petits, sound alcep, and greater ability for my work, which taxes Mr. Wm. H. Moore, 23 Worner St., Oneido, N. Y.

The sentence indissolubly associated, throughout the world, with the master play "Count Monte Cristo."

Thousands of theatre patrons who need er heard of the chier Dumas are familiar with the phrase used in what is called the greatest romance of all history.

Singularly effough Dumas did not write.

"The world is mine?" nor does the line appear in any of the French editions of the novel. Its authorship is credited in O'Neil, who played in spoken drama, the wonderful sibry of Edmund Dantes for a period of over a quarter of a century and appeared in all of the principal cities of
